

Public Park Large/Corporate Event Permit Application

Introduction

The Port of San Diego maintains over 250 acres of beautiful public recreational and open space areas along San Diego Bay. One of the Port's key objectives is to attract people to the bayfront to recreate and enjoy all that it has to offer. To that end, we welcome special events in our parks. Additionally, we are proud of the outstanding condition in which we maintain our parks, and sensitive to the needs of the communities surrounding them. This special event application contains important planning information for you, and requests information from you, that will help you and the Port of San Diego to ensure a successful special event that minimizes impacts on the park you use as well as the nearby residents and businesses.

Permit Process

The permit process begins when you contact the Port's Customer Relations Management System to request a date and park for your event. During business hours, you may speak directly to a Customer Relations Assistant by calling (619) 686-6200, or you may leave a voice message at any time by calling (619) 686-6225. An online Park Availability Request Form is available at www.portofsandiego.org. After you submit your request, you will be contacted within three business days by a park permit staff member, who will request some basic information and, if appropriate, reserve an agreed upon park and date(s). Please note that this reservation does not constitute approval to use the park you have requested. Once you have a reservation, you may complete a special event permit application.

A completed application may be sent to the Port of San Diego as early as eighteen (18) months prior to the event date, but must be received no later than thirty (30) days beforehand. Upon receiving your application, our park permitting staff will route it among applicable departments for review. If appropriate, we will schedule a site walk at the park to review your setup and other arrangements as well as our guidelines for conducting your event.

Note: Ensure that your permit application is approved before you promote your event.

Please complete each item on the following pages, attaching additional sheets as necessary, and return to:

When left in the park, these items in particular constitute a hazard to public safety as well as to grounds maintenance equipment. It is your responsibility to inform all staff and subcontractors of this requirement.

Large vehicles damage sidewalk pavement and valve covers and are more prone to collisions with trees, light poles, and drinking fountains. If you intend to sell alcoholic beverages, or to sell tickets or request donations for admission to an event at which alcoholic beverages are served, an additional permit from the State Department of Alcoholic Beverage Control (ABC) is required. Please contact ABC at (619) 525-4064 or www.abc.ca.gov.

If you intend to serve alcoholic beverages *without* charge, admission or other consideration, the following conditions must be met:

- Designated areas for dispensing and consumption must be noted on the event site plan. Persons may not take alcoholic beverages from the designated area.
- For events greater than 500 in attendance, one licensed security staff person must be present for every 50 attendees. Security staff will prevent people from carrying alcoholic beverages outside the designated area.
- Alcoholic beverages may only be served in distinctive paper, plastic or Styrofoam cups, plastic bottles or aluminum cans. No glass containers are permitted. Beverages may be poured from glass containers into cups by a designated server.
- Kegs of beer are not allowed unless special permission is obtained from District staff.

- Department of Alcoholic Beverage Control, Officers of the Harbor Police Department, any authorized representative of the San Diego Unified Port District, or law enforcement personnel from any Port member city may summarily revoke the park permit if it is determined that the public welfare and morals are being impaired and/or a law enforcement problem is being created.

Describe your plan for serving alcoholic beverages at the event.

For Applicant's Use: Other Planning Considerations

Site Walk

Unless the Port of San Diego decides otherwise, all events over 500 people; events with large items including stages, platforms and dance floors; and most events with live entertainment will require a site walk with Port staff.

Sprinkler System Shutoff

Contact the Port of San Diego General Services at (619) 686-6332 at least seven (7) days prior to your event setup date to coordinate sprinkler system shutoff in your park.

Potable Water

The water supply in the Port of San Diego's parks is not potable, except at drinking fountains, and should not be used for food preparation.

Electricity Source

The Port does not provide electricity or generators for special events.

Fire Marshal Permit

Remember to contact the Fire Marshal of your city to determine if a permit is required in addition to your Port of San Diego park event permit. The City of San Diego Fire-Rescue Department number is (619) 533-4400.

Permits for Food Vendors

The San Diego County Environmental Health Services Department issues permits for food vendors at special events. If your event includes food vendors, contact them at (619) 338-2363.

Special Guidance for Moving Route Events

Informing Impacted Businesses & Facilities: Runs, walks and parades on the Port tidelands will likely impact pedestrian and vehicle traffic to businesses and public facilities. You are required to mitigate those impacts by providing to affected businesses notices that reflect the date(s), time(s), location(s) and type of activity to take place during your event, along with a route map. These notices must be approved by Port of San Diego staff and must be distributed, following approval of your application, at least two (2) weeks prior to your event.

Signage

For moving events that impact significant roadways or walkways, you may be required to provide roadway advisory signs, placed a minimum of two (2) weeks prior to the event, with advance notice of the lane closure(s). If such signage is required, we may also require approval of the proposed signage by Port of San Diego staff. We will inform you of whether review is required.

Smoking Prohibited

As of December 5, 2006, smoking is prohibited on any Port of San Diego park or beach. No person shall dispose of any cigarette, cigar, or tobacco in any place where smoking is prohibited, except in a designated waste disposal container.

Refunds

If a permitted event is cancelled or postponed, the park permit fee and damage deposit will be refunded provided park permit staff is notified a minimum of sixty days before the event date. A \$35 processing fee will be deducted from the refunded amount.

Reservation of Locations

A park permit grants permission for an event to be held in a Port of San Diego park; however, a permit does not guarantee a specific location in any park. Park areas are available on a first-come, first-served basis, and it is up to the permittee to secure the space needed to hold the event. A permittee may designate event boundaries, as long as a representative is present at the site. Event boundaries may not block walkways, driveways or parking areas.
