Here is my report of the Environmental Projects. Please forgive the error of my billing clerk who sent the invoice without this report. (A copy of the invoice is attached.)

RE: Fleet Renewal and Lighting Retrofit Progress Report

The Pasha Automotive Services environmental funding agreement contains two projects. Below is the report on each project:

Item 1—Fleet Renewal:

This item is 100% complete
Total cost expended is \$60,668.91

We purchased two new hybrid SUVs from Westcott Mazda on 8/15/08. The vehicle costs were \$30,182.25 and \$30,486.66. Per the Port agreement we have invoiced under separate cover \$5,500 per vehicle for a total of \$11,000.

Item 2—Lighting Retrofit:

This item is 100% complete
Total cost expended is \$259,198

American Lighting performed the lighting retrofit and completed work on February 11th. American Lighting removed 2437 of the higher wattage T12 fluorescent lamps and 260 of the high bay large wattage lamps. The replacement lamps are T8 fluorescents with occupancy sensors.

On behalf of Pasha Automotive Services, I would like to thank the Port of San Diego and its Environmental Services Department for providing the funding for these two projects that allow us to be better stewards of the environment. I have attached a copy of the Power Point presentation that I made to the Committee last week. Also you will find a copy of the Press Release from our Marketing Department.

This letter has reported the final status of our environmental projects. Any questions should be directed to Christina Magee at 619-419-1071.

Sincerely,

A handwritten signature in black ink, appearing to read "Christina Magee", with a long horizontal flourish extending to the right.

Christina Magee
Finance Manager
