

White Seabass Restocking Project March 2010 Quarterly Report

SDOF provides the White Seabass Restocking Project & Research Project in grow-out pens in San Diego Bay off Harbor Drive that have a capacity of 40,000 fish.

In late November, we released 9,910 juvenile seabass fish from our pens.

Quarter highlights and progress:

- New fish are scheduled to be delivered in April 2010
- 1 pen cleaning
- Participated in Bay Bass Tournament to help design tagging program to be implemented in 2011
- Will host a White Seabass Hatchery Tour on March 31st
- Performed maintenance after winter storms
- Gearing up for future delivery by recruiting volunteers and replenishing supplies

Current problems or needs:

- Some damage from storms will need to be fixed
- The old oil boom needs to be removed
- Need to look into a dock joint to increase safety

Activities planned for next quarter:

- Continue to recruit and train new volunteers
- Administer 1 pen cleaning & orientation each month
