

UNIFIED PORT OF SAN DIEGO Dental Benefits Overview

The San Diego Unified Port District offers two Dental plans:

- **DeltaCare DMO**
- **Delta Dental DPO**

Both plans offer comprehensive coverage for preventive dental care such as check-ups and cleanings, basic dental care such as fillings and repairs, and major dental care, which includes crowns, bridges, and dentures. Orthodontia is also covered for adults and children.

The **DeltaCare DMO Plan** is a pre-paid dental plan with no deductibles or claim forms to complete. This plan uses a network of Primary Care Dentists from which you must select a dentist to administer and manage your dental care. There is no deductible and there are set co-pays for all services. This plan also offers more complex procedures such as crowns, bridges, and dentures at a reduced cost. Orthodontia is also covered.

Semi-monthly Contributions

Employee Only	No Cost to the Employee
Employee + 1 Dependent	\$4.05
Family	\$8.15

The **Delta Dental DPO Plan** allows you to choose any dentist you wish. If you use a participating dentist, most services are provided at lower rates. The plan has a \$50 in-network/\$55 out-of-network annual deductible. Preventive services such as routine checkups and cleanings are covered at 100% with no deductible. The plan also covers 80% of basic services such as fillings, 50% of major services such as crowns and bridges and 50% of orthodontic services. Basic and major services are covered after the annual deductible is met. The plan provides a \$1,500 annual maximum and a \$1,500 lifetime maximum for orthodontia.

Semi-monthly Contributions

Employee Only	No Cost to the Employee
Employee + 1 Dependent	\$ 9.20
Family	\$16.27
