### **Introduction**

The Port of San Diego maintains over 250 acres of beautiful public recreational and open space areas along San Diego Bay. One of the Port's key objectives is to attract people to the bayfront to recreate and enjoy all that it has to offer. To that end, we welcome special events at our parks. Additionally, we are proud of the outstanding condition in which we maintain our parks, and sensitive to the needs of the communities surrounding them. This special event application contains important planning information for you, and requests information from you, that will help you and the Port of San Diego to ensure a successful special event that minimizes impacts on the park you use as well as the nearby residents and businesses.

### **Permit Process**

The permit process begins with your request for park availability via our website <http://portofsandiego.org/recreation/apply-for-a-park-permit.html>. After you submit your request, you will be contacted within three business days by a park permit staff member, who will request some basic information and, if appropriate, reserve an agreed upon park and date(s). Please note that this reservation does not constitute approval of your request. A Reservation may be made as early as 18 months in advance of your event date. The application and deposit must be received no later than 60 days prior to your event. If your application and deposit are not received by this deadline, the Port reserves the right to release the reservation.

Upon receiving your application, our park permitting staff will route it among applicable departments for review. If appropriate, we will schedule a site walk at the park to review your setup and other arrangements as well as our guidelines for conducting your event.

Full payment of all fees must be made no later than 30 days prior to your event date. If your application and deposit are not received by this deadline, the Port reserves the right to release the reservation. When Port staff has received all of your fees and has reviewed, approved, signed and returned your application to you, your signed application will serve as your permit to use the park. NOTE: PLEASE ENSURE THAT YOUR PERMIT APPLICATION HAS BEEN APPROVED BEFORE PROMOTING YOUR EVENT.
